

This diagram shows an exploded perspective view of a cabinet assembly. The main components are a top panel (29), a front panel (111), and a side panel (12). The front panel (111) features a handle (18) and a locking mechanism (23). The side panel (12) has a handle (18) and a locking mechanism (23). The top panel (29) is shown with several screws (141) and a handle (18). The exploded view illustrates how these panels are joined together using screws (141) and a locking mechanism (23).

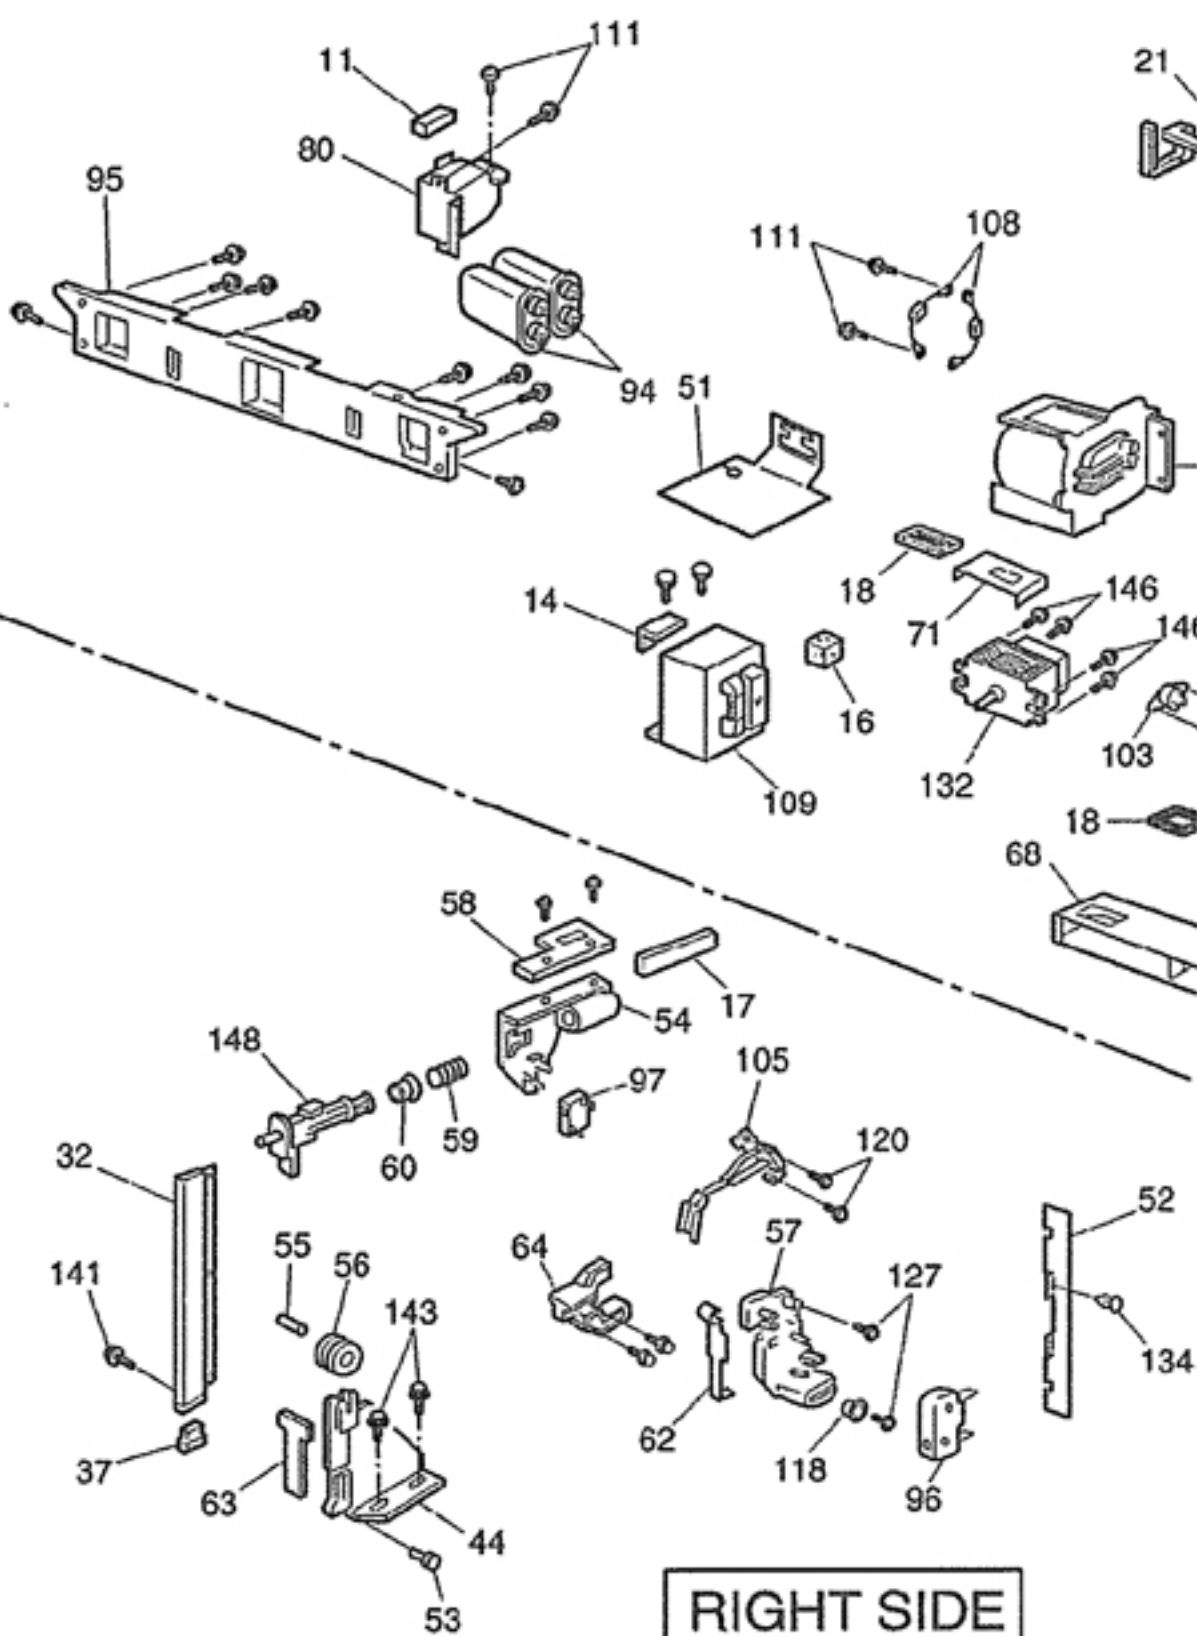

INSIDE

Diagram illustrating the internal components and assembly points of a vehicle interior panel (likely a door or floor plate). The diagram shows the following parts and their assembly locations:

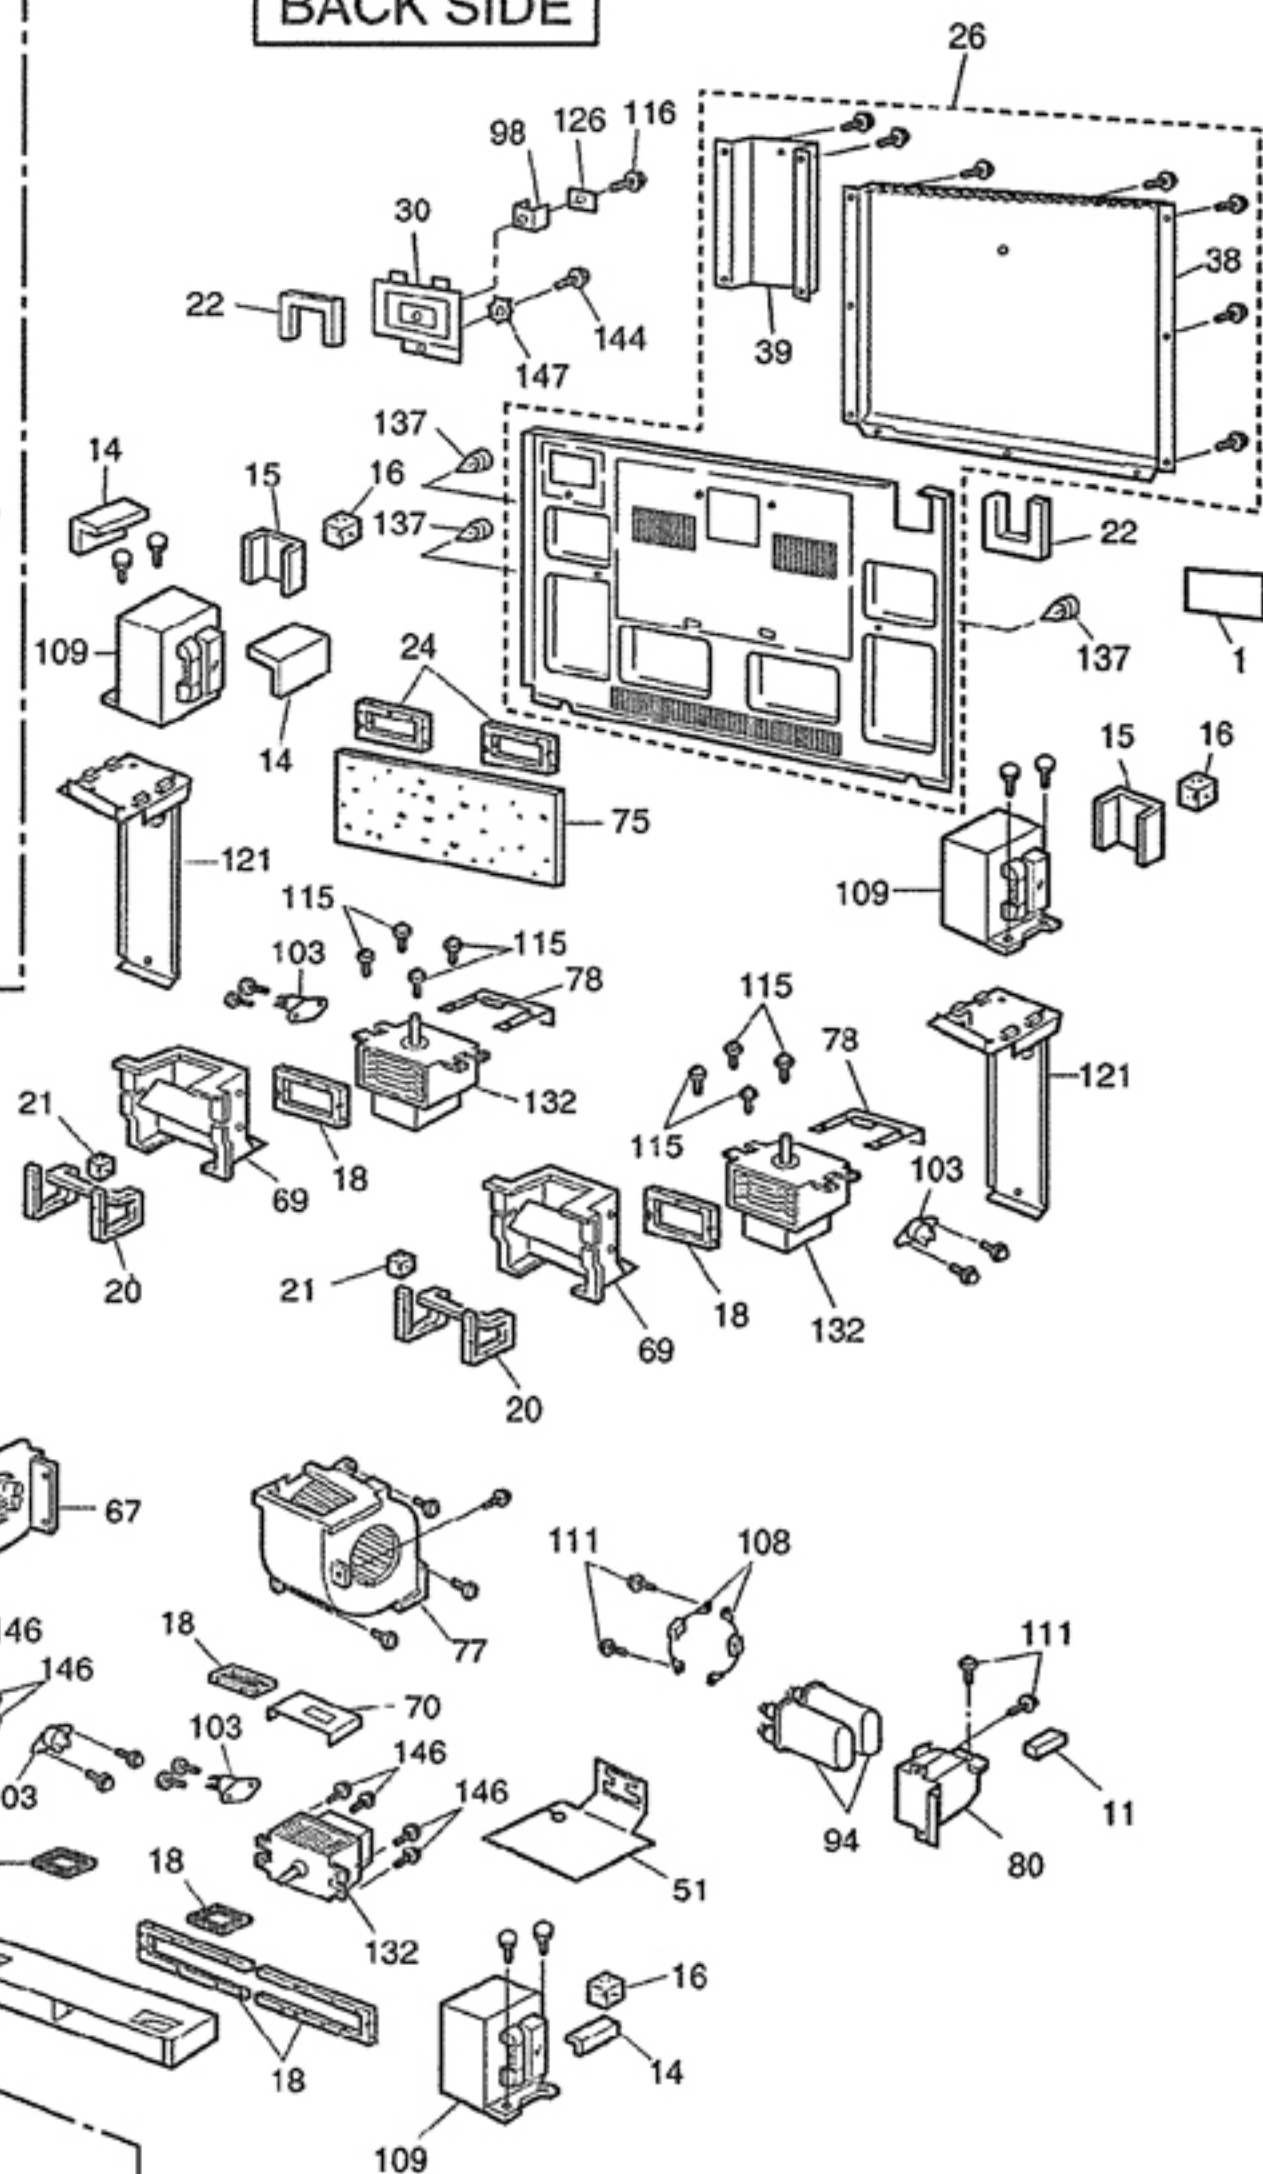

- 46**: A long, thin metal rail or bracket.
- 47**: A curved metal bracket or support.
- 48**: Small circular fasteners or clips, shown in dashed boxes indicating their assembly locations.
- 49**: A rectangular panel or cover, shown in dashed boxes indicating its assembly locations.
- 86**: A small rectangular component, possibly a switch or sensor.
- 136**: A long, thin metal rail or bracket, similar to 46.
- 140**: Small circular fasteners or clips, shown in dashed boxes indicating their assembly locations.
- 133**: A rectangular component, possibly a switch or sensor, shown in a dashed box indicating its assembly location.
